WINNING WAYS OF WOMEN COACHES

This June marked the 50th anniversary of the passing of Title IX, the federal civil rights law that gave women equal opportunity to play and opened the door for women's sports to take root and grow in America. This book will reinvigorate current women coaches and inspire would-be coaches to make the leap into coaching.

In it, a veritable who's who of women coaches—representing 15 different sports and earning more than 50 national championships and dozens of world and Olympic titles—provide the acumen and inspiration for women to succeed in the coaching profession.
