## **WeCOACH to Host 2024 NCAA Women Coaches Academy Programs**

June 10, 2024 – WeCOACH is proud to announce the 53<sup>rd</sup> class of the NCAA Women Coaches Academy (WCA) and the 7<sup>th</sup> class of NCAA Academy 2.0, taking place June 16-19, in Denver, Colorado. These transformational Academies, hosted in partnership with the NCAA, provide multi-day growth and leadership development for women coaches across all sports and collegiate levels, including two-year and four-year colleges.

A total of 120 women coaches will convene in Denver, with 96 participating in the NCAA WCA and 24 engaging in the advanced NCAA Academy 2.0 program. These women represent 25 different sports, including five of the six NCAA emerging sports and come from a diverse range of institutions including NCAA Divisions I, II, and III, NAIA, 3C2A, NJCAA, and NWAC.

“The NCAA is proud to once again partner with WeCOACH to host the 2024 NCAA Women Coaches Academy and NCAA Academy 2.0. The NCAA Leadership Development Office serves to educate and empower student-athletes, coaches and athletics administrators through transformative experiences that develop strong, effective leaders, cultivate an inclusive community and enhance the college sports landscape”, said DeeDee Merritt, NCAA Managing Director of Leadership Development. “These Academies for women coaches align with our mission and have had tremendous results in supporting, advancing and retaining women coaches in collegiate athletics. WeCOACH performs a valuable service in providing support and development for women coaches across the collegiate sports landscape. Collaborative efforts such as this allow us to expand our reach and broaden our impact.”

**WeTEACH. WeINSPIRE. WeMOTIVATE. WeLEAD.**

A special addition this year, WeCOACH will honor the five recipients of the 2023-24 Lifetime Achievement Award presented by Jostens. Academy participants will also have a chance to learn from the honorees during a keynote conversation session presented by Hudl.

“The Academy experience is truly magical in terms of the powerful knowledge gained and lasting relationships formed. Our graduates leave feeling empowered, inspired and motivated to be the best possible leaders for the student-athletes they coach, and the data demonstrates our Academy graduates remain in the coaching profession at a higher rate than the national average,” said Vanessa Fuchs, CEO of WeCOACH. “Thanks to generous donor support, we awarded over \$50,000 in scholarship funds to 43 coaches, furthering our mission to support women coaches and ensuring affordable access for all WeCOACH programming.”

Over 2,200 graduates have participated in the NCAA WCA, a program designed for women coaches to elevate their holistic coaching effectiveness by learning advanced leadership skills and strategies that directly affect their personal and team success. Participants focus on non-sport-specific concepts in an environment that fosters inclusion across the sports community. The NCAA Academy 2.0, exclusively created for WCA graduates, is a master-learning opportunity in a small class setting that progresses on the leadership, strategies, and knowledge gained from their WCA experience.

WeCOACH thanks the NCAA for its longstanding support of these transformational programs along with this year’s Academy Partners: Marines, Hudl, VALD, Athlete Assessments, Gatorade Performance Partner, Holbrook, Jostens, Legends of The Ball, Inc., Natasha Watley Foundation, The Tucker Center for Research on Girls & Women in Sport , This One Media and The Sports Bra Project.

### **About WeCOACH**

Founded in 2011, WeCOACH is a one-of-a-kind 501(c)(3) nonprofit dedicated to recruiting, advancing, and retaining women coaches in all sports and levels through year-round professional growth & leadership development programs. Prior to Title IX, over 90% of women's collegiate sports teams were coached by women. Today, over 50 years later, the data indicates that number has decreased to 46% in Division I, 41% across all three NCAA Divisions, with only 6.2% women head coaches of color (Division I). Only 5% women coach men's teams. At the youth level, the data is hard to estimate, approximately less than 20% of teams are coached by women. WeCOACH launched MOVE the NUMBERS in 2022 to help change the landscape for women coaches and the student-athletes they lead. If she can see her, she can be her.
